Classic Care Kit

- [A3316 Quik Detailer](#)
- [A1216 Cleaner Wax](#)
- [G13616 Quik Interior Detailer](#)
- [A1616 Quik Wax](#)

Meguiar's presents "the classics" – a collection of premium quality Meguiar's products that deliver show car shine...just in time for holiday gift-giving! Meguiar's Classic Care Kit includes A3316 Quik Detailer, A1216 Cleaner Wax Liquid, G13616 Quik Interior Detailer and A1616 Quik Wax.

Quik Detailer

Meguiar's Quik Detailer can be used anytime, anywhere to remove fresh contaminants before they have time to bond or etch into your paint finish. Removes fine scratches on clear coat paints, enhances color and extends the durability of your car wax. Use with our Microfiber Quik Detail Pad or Supreme Shine Microfiber for eye-dazzling results.

Cleaner Wax

Meguiar's most versatile, one step wax specially formulated to produce eye-dazzling results on all finishes. Rich conditioning oils and legendary gentle cleaning ability make it an excellent choice for daily drivers exposed to the elements. For best results, use our Even-Coat Applicator to apply Cleaner Wax and a Supreme Shine Microfiber or Ultra Plush Super Terry for removal.

Quik Interior Detailer

The fastest way to clean all interior surfaces. Use every time you wash or Quik Detail your paint to give your interior that “just detailed” look. In just 5 additional minutes, your entire interior will look sharp and smell fresh. Quickly and easily maintains the look and feel of interior plastics, vinyl, leather, rubber, metal and even audio/video equipment. The safe, high lubricity formula lifts off dust, ashes, dirt, grime, spills and fingerprints without build-up. And, unlike traditional protectants that leave an artificial greasy feeling, Quik Interior Detailer leaves your interior surfaces looking natural and revitalized. Simply spray on, spread evenly with an Ultra Plush Super Terry or Supreme Shine Microfiber and turn to a dry section of the towel for the final wipe off.

Quik Wax

Hi-performance, spray on carnauba protection offers dramatically deeper, darker reflections with increased gloss and shine. Just mist on and wipe off to wax your entire car (wet or dry) in minutes. For superior results during application and removal, we recommend using our Supreme Shine Microfiber or Ultra Plush Super Terry.

We've assembled a sampling of our hottest new products for 2005 for you to try at a special introductory savings. In this amazing collection are four of our new NXT Generation products including NXT Generation Tire Cleaner, NXT Generation Insane Shine Tire Coating, NXT Generation Glass Cleaner and NXT Generation Speed Detailer. You'll also find truly innovative products like Quik Interior Detailer and Exterior Trim Detailer. Along with these products you'll receive an assortment of our new professional-grade accessories including our super soft Versa-Angle Body Brush for scratch-free washing, incredibly versatile Versa-Angle Wheel Face Brush to safely clean every contour of your wheels, and our must-have Slide Lock Detailing Brush. And to make applying and removing our products even easier, we've added a sampling of our premium-quality textiles including a Supreme Shine Microfiber, Duo-Fiber Glass Super Towel, Water Magnet Drying Towel, Quik Detail Pad and Even-Coat Applicator Pad.

NXT Generation™ Speed Detailer

NXT Generation Speed Detailer is the fastest way to enhance protection and maintain your “just waxed” look with ESP technology. Our advanced formula now makes it even easier to remove fresh contaminants and quickly and easily lift away dirt and grime without scratching to restore show car shine in just minutes. For best results, use with our Microfiber Quik Detail Pad or Supreme Shine Microfiber.

NXT Generation™ Tire Cleaner

NXT Generation Tire Cleaner quickly removes road grime, grease, contaminants, brake dust and tire dressing build-up. Our thick, luxurious foam clings to the tire sidewall to deeply penetrate and break away the toughest dirt and grime. Works great to brighten white lettering and whitewalls too. For superior cleaning results, use with our Versa-Angle Tire Brush.

NXT Generation™ Insane Shine Tire Coating

NXT Generation Insane Shine is the ULTIMATE in high gloss for tires - a deep, dark, “insane” wet look that is fast and easy...just spray and walk away. Engineered Synthetic Polymers (ESP) combined with specially designed antiozonants create a mirror-like shine that prevents browning and premature aging.

NXT Generation™ Glass Cleaner

Specially formulated to deliver the best clarity against the toughest dirt and grime, NXT Generation Glass Cleaner comes backed with a streak-free finish guarantee. Our advanced technology delivers streak-free no-haze perfect clarity and superior cleaning against smoke film, bugs, tree sap, grime and contaminants. Safe for all tinted windows, ammonia free. For best results use with our Duo-Fiber Glass Super Towel.

Exterior Trim Detailer

Exterior Trim Detailer shines and protects all non-painted plastic, trim and rubber surfaces with an adjustable spray nozzle to minimize overspray. The fast and easy application provides dark, rich, instant shine without leaving behind an oily residue, and helps protect from fading and cracking leaving behind the natural, original look. In one easy step, Exterior Trim Detailer shines and protects all rock guard panels, wheel-wall guards, bumpers, side mirrors, trim, moldings and more. Even works great on interior plastic surfaces. Easily remove any overspray from paint with a Supreme Shine Microfiber.

Water Magnet Drying Towel

Meguiar's ultra plush Water Magnet absorbs up to 3X the water of traditional terry towels to reduce drying time and create a spot-free finish. The extra large 22" x 30" waffle textured towel wrings out effortlessly and is trimmed with premium satin edges to prevent scratching.

Microfiber Quik Detail Pad

Use Meguiar's thick pile Microfiber Quik Detail Pad with NXT Generation Speed Detailer, Quik Detailer or any spray & wipe detail product to collect and trap dust with amazing absorbency. The ergonomic bone shape provides added comfort.

Even-Coat Applicator

The specialized microfiber material of Meguiar's Even-Coat Applicator pad produces amazing results when applying wax or polish. The professional's choice, these pads are ideally sized for long term comfort and you can wash and dry as you would any towel.

Supreme Shine Microfiber

Our Supreme Shine Microfiber is an incredibly plush microfiber towel that produces an amazing mirror-like shine on all finishes. The thick, deep dual-sided microfiber pile absorbs 3X more than traditional terry towels for amazing results. The satin safety edging eliminates the possibility of scratching and the towel is pre-washed for maximum absorbency.

Slide Lock Detail Brush

The exclusive positional collar of our Slide Lock Detail Brush adjusts the flexibility of the bristles to make this brush truly multi-functional. Leave the collar down for long soft bristles, ideal for cleaning inside vents and removing dust from instrument panels. Move the collar up to create stiffer bristles to detail around exterior moldings. The exclusive safety wrapped collar prevents accidental scratching.

Versa-Angle Body Brush

Safely clean even the most delicate paint surfaces without scratching. The brush head supports thousands of high quality, contoured bristles to provide the most surface contact for effective cleaning. One quick flip of the brush handle delivers a different angle to clean the lower portions of the car without stooping. The protective outer rubber barrier on the brush head prevents damage in case of an accidental bump.

Versa-Angle Wheel Face Brush

Designed to safely wash and clean any wheel surface. We've loaded the brush head with super soft bristles to prevent scratching and aggressive bristle angles for greater surface contact and more efficient cleaning. The incredibly versatile ergonomic handle reverses the angle of the brush head to give you the best cleaning angle for the job. Available with a long handle or a [short handle](#) to best fit your needs.

Quik Interior Detailer

The fastest way to clean all interior surfaces. Use every time you wash or Quik Detail your paint to give your interior that “just detailed” look. In just 5 additional minutes, your entire interior will look sharp and smell fresh. Quickly and easily maintains the look and feel of interior plastics, vinyl, leather, rubber, metal and even audio/video equipment. The safe, high lubricity formula lifts off dust, ashes, dirt, grime, spills and fingerprints without build-up. And, unlike traditional protectants that leave an artificial greasy feeling, Quik Interior Detailer leaves your interior surfaces looking natural and revitalized. Simply spray on, spread evenly with an Ultra Plush Super Terry or Supreme Shine Microfiber and turn to a dry section of the towel for the final wipe off.

Our luxurious Gold Class line of products combines the finest ingredients for the most exceptional results. The cornerstone of our all new Gold Class Collection is Gold Class Clear Coat Liquid Wax, which delivers clear, sharp reflections and provides long lasting carnauba protection. And to make this collection complete, we've added our most luxurious, versatile Gold Class accessories including our Versa-Angle Body Brush with super-soft bristles for safe cleaning on every paint surface and Versa-Angle Wheel Face Brush, contoured to fit every contour of your wheels. You'll also receive ultra-premium textiles like our Supreme Shine Microfiber, Ultra Plush Super Terry and Water Magnet drying towel. The Gold Class Collection is truly the gold standard for exceptional quality and elegance in car care.

Gold Class™ Liquid Wax

Elegant, timeless, premium...Since its introduction, Meguiar's® Gold Class™ Liquid Wax has inspired automotive enthusiasts worldwide to pamper, condition and protect their treasured investments.

Our unique and proprietary blend of conditioners nourish and enrich paint to create clear, deep reflections and brilliant shine. Carnauba and polymer protecting agents reflect damaging UV rays, remove fine swirls, and create strong, long-lasting protection to preserve your finish.

Meguiar's Gold Class Liquid Wax is clear coat safe and simple to apply and remove. Our premium formula glides on and off smoothly so pampering your car is easy and enjoyable.

Gold Class Car Wash Shampoo & Conditioner

Meguiar's Gold Class™ Car Wash Shampoo & Conditioner is a rich and luxurious product designed to both wash and condition paint in one easy step. The premium formula gently foams away tough dirt, road grime and contaminants without compromising wax protection. Ultra rich paint conditioners clear away debris to reveal color and clarity, leaving paint looking radiant.

Gold Class Vinyl/Rubber Protectant

A premium complex blend of ingredients clean, shine and protect dashboards, trim, tires, door panels, moldings, and more without a greasy or plastic look. Special conditioners help prevent drying, fading, or cracking and offer UV protection to reduce damage caused by the sun. For best results, spread Gold Class Vinyl/Rubber Protectant evenly over the surface with a High-Tech Applicator Pad and remove any excess product with an Ultra Plush Super Terry.

Hot Rims® All Wheel Cleaner

G9524 Hot Rims® All Wheel Cleaner.

Hot Rims® All Wheel Cleaner. Achieve A "Show Perfect" Shine On All Factory Wheel Surfaces!

The name says it all! Hot Rims All Wheel Cleaner is unlike any formula in the world for removing grime, grit and brake dust from all factory wheel surfaces. Remove stubborn road residue with Hot Rims' unique foaming agents, Our Xtreme Cling™ foam is designed to cling vigorously to vertical surfaces and break down stubborn road residue between your wheels and a brilliant shine! Safe for all factory, clear-coated and painted wheels.

Quik Detailer

Meguiar's Quik Detailer can be used anytime, anywhere to remove fresh contaminants before they have time to bond or etch into your paint finish. Removes fine scratches on clear coat paints, enhances color and extends the durability of your car wax. Use with our Microfiber Quik Detail Pad or Supreme Shine Microfiber for eye-dazzling results.

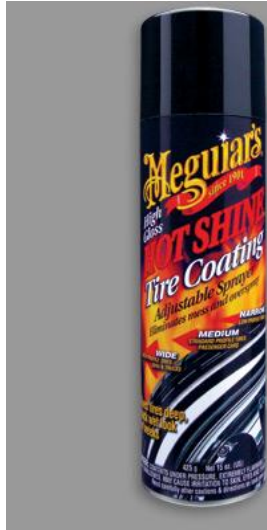

Quik Interior Detailer

The fastest way to clean all interior surfaces. Use every time you wash or Quik Detail your paint to give your interior that “just detailed” look. In just 5 additional minutes, your entire interior will look sharp and smell fresh. Quickly and easily maintains the look and feel of interior plastics, vinyl, leather, rubber, metal and even audio/video equipment. The safe, high lubricity formula lifts off dust, ashes, dirt, grime, spills and fingerprints without build-up. And, unlike traditional protectants that leave an artificial greasy feeling, Quik Interior Detailer leaves your interior surfaces looking natural and revitalized. Simply spray on, spread evenly with an Ultra Plush Super Terry or Supreme Shine Microfiber and turn to a dry section of the towel for the final wipe off.

Hot Shine High Gloss Tire Coating

Hot Shine's high gloss formula gives your tires a "wet-look" with a dark shine. By combining highly water-resistant polymers with antiozonant technology, Hot Shine keeps your tires looking blacker longer while preventing cracking, browning and premature aging. Available in a 15 oz. aerosol or 24 oz. trigger spray.

ScratchX

Guaranteed to be the most effective way to remove fine scratches and swirls from automotive paint by hand, ScratchX removes light surface contaminants, oxidation and blemishes while it enhances paint color and clarity. ScratchX is not a "cover up" and will not cause additional scratches to your paint surface. For best results, apply ScratchX with an Even-Coat Applicator and remove any excess product with a Supreme Shine Microfiber or Ultra Plush Super Terry.

Versa-Angle Body Brush

Safely clean even the most delicate paint surfaces without scratching. The brush head supports thousands of high quality, contoured bristles to provide the most surface contact for effective cleaning. One quick flip of the brush handle delivers a different angle to clean the lower portions of the car without stooping. The protective outer rubber barrier on the brush head prevents damage in case of an accidental bump.

Versa-Angle Wheel Face Brush

Designed to safely wash and clean any wheel surface. We've loaded the brush head with super soft bristles to prevent scratching and aggressive bristle angles for greater surface contact and more efficient cleaning. The incredibly versatile ergonomic handle reverses the angle of the brush head to give you the best cleaning angle for the job. Available with a long handle or a [short handle](#) to best fit your needs.

Even-Coat Applicator

The specialized microfiber material of Meguiar's Even-Coat Applicator pad produces amazing results when applying wax or polish. The professional's choice, these pads are ideally sized for long term comfort and you can wash and dry as you would any towel.

Ultra Plush Wash Mitt

Meguiar's Ultra Plush Wash Mitt is deeply tufted to provide the ultimate in softness and surface protection. The clear coat safe fibers deliver maximum wash results and scratch-free performance. The comfort-fit cuff stays firm and comfortable.

Microfiber Quik Detail Pad

Use Meguiar's thick pile Microfiber Quik Detail Pad with NXT Generation Speed Detailer, Quik Detailer or any spray & wipe detail product to collect and trap dust with amazing absorbency. The ergonomic bone shape provides added comfort.

Supreme Shine Microfiber

Our Supreme Shine Microfiber is an incredibly plush microfiber towel that produces an amazing mirror-like shine on all finishes. The thick, deep dual-sided microfiber pile absorbs 3X more than traditional terry towels for amazing results. The satin safety edging eliminates the possibility of scratching and the towel is pre-washed for maximum absorbency.

Ultra Plush Super Terry

Our spa quality Ultra Plush Super Terry towel is extra thick and extra plush to provide superior absorbency and a swirl-free finish. The premium satin safety edging prevents scratching and the towel is pre-washed for instant, lint-free absorbency.

Water Magnet Drying Towel

Meguiar's ultra plush Water Magnet absorbs up to 3X the water of traditional terry towels to reduce drying time and create a spot-free finish. The extra large 22" x 30" waffle textured towel wrings out effortlessly and is trimmed with premium satin edges to prevent scratching.

- X1120 Slide Lock Detail Brush
- X1030 Versa-Angle Body Brush
- X1020 Versa-Angle Wheel Face Brush
- X3060 Microfiber Quik Detail Pad

Powered by Engineered Synthetic Polymers (ESP's), Meguiar's NXT Generation line of products now offers the NXT Generation of technology for every surface of your car. And our NXT Generation Collection offers all of these products from our #1 selling NXT Generation Tech Wax that eliminates fine swirls, produces a deep dark finish and provides extreme polymer protection to our new NXT Generation Insane Shine Tire Coating for a deep, dark, "insane" wet look. You'll also receive ten professional-grade accessories from our premium Gold Class Accessory line including the Versa-Angle Wheel Face Brush, Versa-Angle Body Brush, Slide Lock Detail Brush, Triple Duty Detail Brush, and luxurious textiles like the Supreme Shine Microfiber. These accessories are technologically advanced and incredibly versatile. Simply put, they're the right tools for the job, and they'll produce unparalleled results, time after time. The NXT Generation collection is the perfect union of technology and passion.

NXT Generation™ Tech Wax

After years of research into advanced polymer chemistry, Meguiar's has created a wax powered by Engineered Synthetic Polymer (ESP) technology. The result, NXT Generation Tech Wax, is the most technologically advanced synthetic protectant for paint available for today's modern finishes and clear coats.

Our breakthrough formulation goes on and comes off easy without a powdery residue to visually eliminate fine swirls, protect against UV damage, and leave your finish "amped up" – with a deep, wet-look shine that is unbelievably intense. ESP technology creates a tough polymer bond for xtreme, durable protection.

Even-Coat Applicator

The specialized microfiber material of Meguiar's Even-Coat Applicator pad produces amazing results when applying wax or polish. The professional's choice, these pads are ideally sized for long term comfort and you can wash and dry as you would any towel.

NXT Generation™ Car Wash

Meguiar's expertise in ESP technology has led to the development of a completely synthetic car wash concentrate that loosens and emulsifies even the toughest dirt and road grime with xtreme sudsing action. This pH balanced, non-detergent formula won't strip off wax protection and is gentle on all painted finishes as well as rubber, vinyl, and plastic components. Meguiar's NXT Generation™ Car Wash is the first step to an "amped up" shine, and prepares your paint for an application of Meguiar's NXT Generation™ Tech Wax.

NXT Generation™ Spray Wax

NXT Generation Spray Wax is the fastest way to add gloss and protection with superior polymer technology. Create a deep, dark, wet-look shine with this easy spray-on formulation. For best results during application and removal, we suggest using our Supreme Shine Microfiber or Ultra Plush Super Terry.

NXT Generation™ Tech Protect

A specially engineered high concentration of ESPs blend with patented antiozonants to clean, condition, and protect all vinyl, rubber, and plastic surfaces in the car interior. The best all-in-one protectant on the market today, NXT Generation Tech Protect delivers protection, durability and shine for car interiors. For best results apply with a High Tech Applicator Pad and remove any excess product with an Ultra Plush Super Terry or Supreme Shine Microfiber.

NXT Generation™ Speed Detailer

NXT Generation Speed Detailer is the fastest way to enhance protection and maintain your “just waxed” look with ESP technology. Our advanced formula now makes it even easier to remove fresh contaminants and quickly and easily lift away dirt and grime without scratching to restore show car shine in just minutes. For best results, use with our Microfiber Quik Detail Pad or Supreme Shine Microfiber.

NXT Generation™ All Metal Polysh

NXT Generation All Metal Polysh cleans, polishes, and protects all wheels, stainless steel exhausts, chrome air intakes and valve covers, aluminum, brass, copper, silver and all other bright work components. Meguiar's Microscopic Diminishing Abrasive Technology (MDAT) removes built-up oxidation, tarnishing, and staining faster and safer than traditional harsh abrasives. Anti-corrosive technology locks in the shine. Use a High Tech Applicator Pad or Even Coat Applicator to apply and remove residue with an Ultra Plush Super Terry or Supreme Shine Microfiber.

NXT Generation™ Glass Cleaner

Specially formulated to deliver the best clarity against the toughest dirt and grime, NXT Generation Glass Cleaner comes backed with a streak-free finish guarantee. Our advanced technology delivers streak-free no-haze perfect clarity and superior cleaning against smoke film, bugs, tree sap, grime and contaminants. Safe for all tinted windows, ammonia free. For best results use with our Duo-Fiber Glass Super Towel.

NXT Generation™ Tire Cleaner

NXT Generation Tire Cleaner quickly removes road grime, grease, contaminants, brake dust and tire dressing build-up. Our thick, luxurious foam clings to the tire sidewall to deeply penetrate and break away the toughest dirt and grime. Works great to brighten white lettering and whitewalls too. For superior cleaning results, use with our Versa-Angle Tire Brush.

NXT Generation™ Insane Shine Tire Coating

NXT Generation Insane Shine is the ULTIMATE in high gloss for tires - a deep, dark, “insane” wet look that is fast and easy...just spray and walk away. Engineered Synthetic Polymers (ESP) combined with specially designed antiozonants create a mirror-like shine that prevents browning and premature aging.

Deep Pile Chenille Wash Mitt

Our deeply tufted Ultra Plush Chenille Wash Mitt provides the ultimate in softness with clear coat-safe, scratch-free performance. The comfort-fit cuff stays firm and comfortable.

Supreme Shine Microfiber (Three-Pack)

Our Supreme Shine Microfiber is an incredibly plush microfiber towel that produces an amazing mirror-like shine on all finishes. The thick, deep dual-sided microfiber pile absorbs 3X more than traditional terry towels for amazing results. The satin safety edging eliminates the possibility of scratching and the towel is pre-washed for maximum absorbency.

Microfiber Super Suede Drying Towel

Our Microfiber Super Suede Drying Cloth offers spot-free performance with less drag making vehicle drying effortless. This chamois-like towel absorbs buckets of water and dries soft for instant usability. Clear coat safe.

Triple Duty Detail Brush

Provides three unique bristle sets for fine detailing. The longer bristles are ideal for use on trim and molding, while the shorter bristles are great for reaching tight areas. The unique end bristles provide the access to hard-to-reach areas.

Slide Lock Detail Brush

The exclusive positional collar of our Slide Lock Detail Brush adjusts the flexibility of the bristles to make this brush truly multi-functional. Leave the collar down for long soft bristles, ideal for cleaning inside vents and removing dust from instrument panels. Move the collar up to create stiffer bristles to detail around exterior moldings. The exclusive safety wrapped collar prevents accidental scratching.

Versa-Angle Body Brush

Safely clean even the most delicate paint surfaces without scratching. The brush head supports thousands of high quality, contoured bristles to provide the most surface contact for effective cleaning. One quick flip of the brush handle delivers a different angle to clean the lower portions of the car without stooping. The protective outer rubber barrier on the brush head prevents damage in case of an accidental bump.

Versa-Angle Wheel Face Brush

Designed to safely wash and clean any wheel surface. We've loaded the brush head with super soft bristles to prevent scratching and aggressive bristle angles for greater surface contact and more efficient cleaning. The incredibly versatile ergonomic handle reverses the angle of the brush head to give you the best cleaning angle for the job. Available with a long handle or a [short handle](#) to best fit your needs.

Microfiber Quik Detail Pad

Use Meguiar's thick pile Microfiber Quik Detail Pad with NXT Generation Speed Detailer, Quik Detailer or any spray & wipe detail product to collect and trap dust with amazing absorbency. The ergonomic bone shape provides added comfort.

Gold Class Collection

- G7016 Gold Class™ Liquid Wax
- G7116 Gold Class Car Wash Shampoo & Conditioner
- G10624 Gold Class Vinyl/Rubber Protectant
- G9524 Hot Rims® All Wheel Cleaner

- G13616 Quik Interior Detailer
- G13815 Hot Shine High Gloss Tire Coating
- G10307 ScratchX
- X1030 Versa-Angle Body Brush
- X1020 Versa-Angle Wheel Face Brush
- X3080 Even-Coat Applicator
- X3010 Ultra Plush Wash Mitt
- X3060 Microfiber Quik Detail Pad
- X2010 Supreme Shine Microfiber
- X2040 Ultra Plush Super Terry
- X2000 Water Magnet Drying Towel

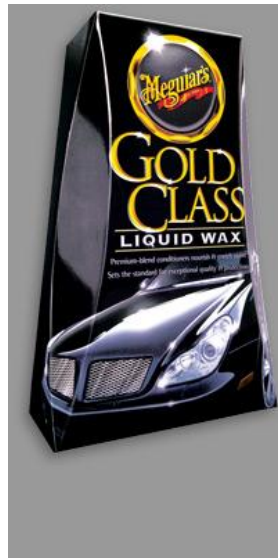

Our luxurious Gold Class line of products combines the finest ingredients for the most exceptional results. The cornerstone of our all new Gold Class Collection is Gold Class Clear Coat Liquid Wax, which delivers clear, sharp reflections and provides long lasting carnauba protection. And to make this collection complete, we've added our most luxurious, versatile Gold Class accessories including our Versa-Angle Body Brush with super-soft bristles for safe cleaning on every paint surface and Versa-Angle Wheel Face Brush, contoured to fit every contour of your wheels. You'll also receive ultra-premium textiles like our Supreme Shine Microfiber, Ultra Plush Super Terry and Water Magnet drying towel. This version of our Gold Class Collection also comes with the G100A Meguiar's Dual Action Polisher and WDAV99-B set of pads. The Gold Class Collection is truly the gold standard for exceptional quality and elegance in car care.

Gold Class™ Liquid Wax

Elegant, timeless, premium...Since its introduction, Meguiar's® Gold Class™ Liquid Wax has inspired automotive enthusiasts worldwide to pamper, condition and protect their treasured investments.

Our unique and proprietary blend of conditioners nourish and enrich paint to create clear, deep reflections and brilliant shine. Carnauba and polymer protecting agents reflect damaging UV rays, remove fine swirls, and create strong, long-lasting protection to preserve your finish.

Meguiar's Gold Class Liquid Wax is clear coat safe and simple to apply and remove. Our premium formula glides on and off smoothly so pampering your car is easy and enjoyable.

Gold Class Car Wash Shampoo & Conditioner

Meguiar's Gold Class™ Car Wash Shampoo & Conditioner is a rich and luxurious product designed to both wash and condition paint in one easy step. The premium formula gently foams away tough dirt, road grime and contaminants without compromising wax protection. Ultra rich paint conditioners clear away debris to reveal color and clarity, leaving paint looking radiant.

Gold Class Vinyl/Rubber Protectant

A premium complex blend of ingredients clean, shine and protect dashboards, trim, tires, door panels, moldings, and more without a greasy or plastic look. Special conditioners help prevent drying, fading, or cracking and offer UV protection to reduce damage caused by the sun. For best results, spread Gold Class Vinyl/Rubber Protectant evenly over the surface with a High-Tech Applicator Pad and remove any excess product with an Ultra Plush Super Terry.

Hot Rims® All Wheel Cleaner

G9524 Hot Rims® All Wheel Cleaner.

Hot Rims® All Wheel Cleaner. Achieve A "Show Perfect" Shine On All Factory Wheel Surfaces!

The name says it all! Hot Rims All Wheel Cleaner is unlike any formula in the world for removing grime, grit and brake dust from all factory wheel surfaces. Remove stubborn road residue with Hot Rims' unique foaming agents, Our Xtreme Cling™ foam is designed to cling vigorously to vertical surfaces and break down stubborn road residue between your wheels and a brilliant shine! Safe for all factory, clear-coated and painted wheels.

Quik Detailer

Meguiar's Quik Detailer can be used anytime, anywhere to remove fresh contaminants before they have time to bond or etch into your paint finish. Removes fine scratches on clear coat paints, enhances color and extends the durability of your car wax. Use with our Microfiber Quik Detail Pad or Supreme Shine Microfiber for eye-dazzling results.

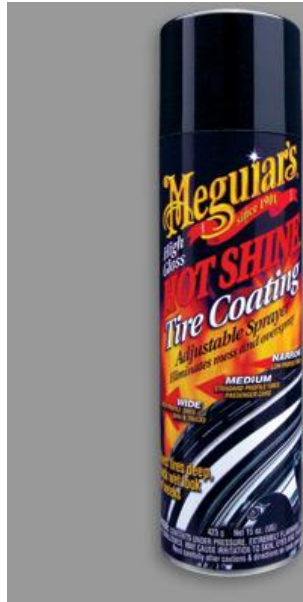

Quik Interior Detailer

The fastest way to clean all interior surfaces. Use every time you wash or Quik Detail your paint to give your interior that “just detailed” look. In just 5 additional minutes, your entire interior will look sharp and smell fresh. Quickly and easily maintains the look and feel of interior plastics, vinyl, leather, rubber, metal and even audio/video equipment. The safe, high lubricity formula lifts off dust, ashes, dirt, grime, spills and fingerprints without build-up. And, unlike traditional protectants that leave an artificial greasy feeling, Quik Interior Detailer leaves your interior surfaces looking natural and revitalized. Simply spray on, spread evenly with an Ultra Plush Super Terry or Supreme Shine Microfiber and turn to a dry section of the towel for the final wipe off.

Hot Shine High Gloss Tire Coating

Hot Shine's high gloss formula gives your tires a "wet-look" with a dark shine. By combining highly water-resistant polymers with antiozonant technology, Hot Shine keeps your tires looking blacker longer while preventing cracking, browning and premature aging. Available in a 15 oz. aerosol or 24 oz. trigger spray.

ScratchX

Guaranteed to be the most effective way to remove fine scratches and swirls from automotive paint by hand, ScratchX removes light surface contaminants, oxidation and blemishes while it enhances paint color and clarity. ScratchX is not a "cover up" and will not cause additional scratches to your paint surface. For best results, apply ScratchX with an Even-Coat Applicator and remove any excess product with a Supreme Shine Microfiber or Ultra Plush Super Terry.

Versa-Angle Body Brush

Safely clean even the most delicate paint surfaces without scratching. The brush head supports thousands of high quality, contoured bristles to provide the most surface contact for effective cleaning. One quick flip of the brush handle delivers a different angle to clean the lower portions of the car without stooping. The protective outer rubber barrier on the brush head prevents damage in case of an accidental bump.

Even-Coat Applicator

The specialized microfiber material of Meguiar's Even-Coat Applicator pad produces amazing results when applying wax or polish. The professional's choice, these pads are ideally sized for long term comfort and you can wash and dry as you would any towel.

Ultra Plush Wash Mitt

Meguiar's Ultra Plush Wash Mitt is deeply tufted to provide the ultimate in softness and surface protection. The clear coat safe fibers deliver maximum wash results and scratch-free performance. The comfort-fit cuff stays firm and comfortable.

Microfiber Quik Detail Pad

Use Meguiar's thick pile Microfiber Quik Detail Pad with NXT Generation Speed Detailer, Quik Detailer or any spray & wipe detail product to collect and trap dust with amazing absorbency. The ergonomic bone shape provides added comfort.

Supreme Shine Microfiber

Our Supreme Shine Microfiber is an incredibly plush microfiber towel that produces an amazing mirror-like shine on all finishes. The thick, deep dual-sided microfiber pile absorbs 3X more than traditional terry towels for amazing results. The satin safety edging eliminates the possibility of scratching and the towel is pre-washed for maximum absorbency.

Ultra Plush Super Terry

Our spa quality Ultra Plush Super Terry towel is extra thick and extra plush to provide superior absorbency and a swirl-free finish. The premium satin safety edging prevents scratching and the towel is pre-washed for instant, lint-free absorbency.

Water Magnet Drying Towel

Meguiar's ultra plush Water Magnet absorbs up to 3X the water of traditional terry towels to reduce drying time and create a spot-free finish. The extra large 22" x 30" waffle textured towel wrings out effortlessly and is trimmed with premium satin edges to prevent scratching.

- X1020 Versa-Angle Wheel Face Brush
- X3060 Microfiber Quik Detail Pad

Powered by Engineered Synthetic Polymers (ESP's), Meguiar's NXT Generation line of products now offers the NXT Generation of technology for every surface of your car. And our NXT Generation Collection offers all of these products from our #1 selling NXT Generation Tech Wax that eliminates fine swirls, produces a deep dark finish and provides extreme polymer protection to our new NXT Generation Insane Shine Tire Coating for a deep, dark, "insane" wet look. You'll also receive ten professional-grade accessories from our premium Gold Class Accessory line including the Versa-Angle Wheel Face Brush, Versa-Angle Body Brush, Slide Lock Detail Brush, Triple Duty Detail Brush, and luxurious textiles like the Supreme Shine Microfiber. These accessories are technologically advanced and incredibly versatile. Simply put, they're the right tools for the job, and they'll produce unparalleled results, time after time. With the NXTS05DA, you will also receive our G100A Dual Action Polisher and a set of WDAV99-B Foam Polishing Pads. The NXT Generation collection is the perfect union of technology and passion.

NXT Generation™ Tech Wax

After years of research into advanced polymer chemistry, Meguiar's has created a wax powered by Engineered Synthetic Polymer (ESP) technology. The result, NXT Generation Tech Wax, is the most technologically advanced synthetic protectant for paint available for today's modern finishes and clear coats.

Our breakthrough formulation goes on and comes off easy without a powdery residue to visually eliminate fine swirls, protect against UV damage, and leave your finish "amped up" – with a deep, wet-look shine that is unbelievably intense. ESP technology creates a tough polymer bond for xtreme, durable protection.

Even-Coat Applicator

The specialized microfiber material of Meguiar's Even-Coat Applicator pad produces amazing results when applying wax or polish. The professional's choice, these pads are ideally sized for long term comfort and you can wash and dry as you would any towel.

NXT Generation™ Car Wash

Meguiar's expertise in ESP technology has led to the development of a completely synthetic car wash concentrate that loosens and emulsifies even the toughest dirt and road grime with xtreme sudsing action. This pH balanced, non-detergent formula won't strip off wax protection and is gentle on all painted finishes as well as rubber, vinyl, and plastic components. Meguiar's NXT Generation™ Car Wash is the first step to an "amped up" shine, and prepares your paint for an application of Meguiar's NXT Generation™ Tech Wax.

NXT Generation™ Spray Wax

NXT Generation Spray Wax is the fastest way to add gloss and protection with superior polymer technology. Create a deep, dark, wet-look shine with this easy spray-on formulation. For best results during application and removal, we suggest using our Supreme Shine Microfiber or Ultra Plush Super Terry.

NXT Generation™ Tech Protect

A specially engineered high concentration of ESPs blend with patented antiozonants to clean, condition, and protect all vinyl, rubber, and plastic surfaces in the car interior. The best all-in-one protectant on the market today, NXT Generation Tech Protect delivers protection, durability and shine for car interiors. For best results apply with a High Tech Applicator Pad and remove any excess product with an Ultra Plush Super Terry or Supreme Shine Microfiber.

NXT Generation™ Speed Detailer

NXT Generation Speed Detailer is the fastest way to enhance protection and maintain your “just waxed” look with ESP technology. Our advanced formula now makes it even easier to remove fresh contaminants and quickly and easily lift away dirt and grime without scratching to restore show car shine in just minutes. For best results, use with our Microfiber Quik Detail Pad or Supreme Shine Microfiber.

NXT Generation™ All Metal Polysh

NXT Generation All Metal Polysh cleans, polishes, and protects all wheels, stainless steel exhausts, chrome air intakes and valve covers, aluminum, brass, copper, silver and all other bright work components. Meguiar's Microscopic Diminishing Abrasive Technology (MDAT) removes built-up oxidation, tarnishing, and staining faster and safer than traditional harsh abrasives. Anti-corrosive technology locks in the shine. Use a High Tech Applicator Pad or Even Coat Applicator to apply and remove residue with an Ultra Plush Super Terry or Supreme Shine Microfiber.

NXT Generation™ Glass Cleaner

Specially formulated to deliver the best clarity against the toughest dirt and grime, NXT Generation Glass Cleaner comes backed with a streak-free finish guarantee. Our advanced technology delivers streak-free no-haze perfect clarity and superior cleaning against smoke film, bugs, tree sap, grime and contaminants. Safe for all tinted windows, ammonia free. For best results use with our Duo-Fiber Glass Super Towel.

NXT Generation™ Tire Cleaner

NXT Generation Tire Cleaner quickly removes road grime, grease, contaminants, brake dust and tire dressing build-up. Our thick, luxurious foam clings to the tire sidewall to deeply penetrate and break away the toughest dirt and grime. Works great to brighten white lettering and whitewalls too. For superior cleaning results, use with our Versa-Angle Tire Brush.

NXT Generation™ Insane Shine Tire Coating

NXT Generation Insane Shine is the ULTIMATE in high gloss for tires - a deep, dark, “insane” wet look that is fast and easy...just spray and walk away. Engineered Synthetic Polymers (ESP) combined with specially designed antiozonants create a mirror-like shine that prevents browning and premature aging.

Deep Pile Chenille Wash Mitt

Our deeply tufted Ultra Plush Chenille Wash Mitt provides the ultimate in softness with clear coat-safe, scratch-free performance. The comfort-fit cuff stays firm and comfortable.

Supreme Shine Microfiber (Three-Pack)

Our Supreme Shine Microfiber is an incredibly plush microfiber towel that produces an amazing mirror-like shine on all finishes. The thick, deep dual-sided microfiber pile absorbs 3X more than traditional terry towels for amazing results. The satin safety edging eliminates the possibility of scratching and the towel is pre-washed for maximum absorbency.

Microfiber Super Suede Drying Towel

Our Microfiber Super Suede Drying Cloth offers spot-free performance with less drag making vehicle drying effortless. This chamois-like towel absorbs buckets of water and dries soft for instant usability. Clear coat safe.

Triple Duty Detail Brush

Provides three unique bristle sets for fine detailing. The longer bristles are ideal for use on trim and molding, while the shorter bristles are great for reaching tight areas. The unique end bristles provide the access to hard-to-reach areas.

Slide Lock Detail Brush

The exclusive positional collar of our Slide Lock Detail Brush adjusts the flexibility of the bristles to make this brush truly multi-functional. Leave the collar down for long soft bristles, ideal for cleaning inside vents and removing dust from instrument panels. Move the collar up to create stiffer bristles to detail around exterior moldings. The exclusive safety wrapped collar prevents accidental scratching.

Versa-Angle Body Brush

Safely clean even the most delicate paint surfaces without scratching. The brush head supports thousands of high quality, contoured bristles to provide the most surface contact for effective cleaning. One quick flip of the brush handle delivers a different angle to clean the lower portions of the car without stooping. The protective outer rubber barrier on the brush head prevents damage in case of an accidental bump.

Versa-Angle Wheel Face Brush

Designed to safely wash and clean any wheel surface. We've loaded the brush head with super soft bristles to prevent scratching and aggressive bristle angles for greater surface contact and more efficient cleaning. The incredibly versatile ergonomic handle reverses the angle of the brush head to give you the best cleaning angle for the job. Available with a long handle or a [short handle](#) to best fit your needs.

Microfiber Quik Detail Pad

Use Meguiar's thick pile Microfiber Quik Detail Pad with NXT Generation Speed Detailer, Quik Detailer or any spray & wipe detail product to collect and trap dust with amazing absorbency. The ergonomic bone shape provides added comfort.
